FEATURED PRODUCT

K-26 Hard Case Fiber Optic Tool Kit

Complete 26-piece fiber optic tool kit in a reinforced hard case (430 × 330 × 135 mm) with fitted foam slots: J20 cleaver, CFS-2 stripper, KS-1 Kevlar shears, cable slitters, cleaning consumables and general hand tools. Contents customizable; private label available.

Every tool sits in its own foam slot — a missing tool is spotted at a glance before the team leaves the site. The full standard configuration is listed below.

Small orders welcome · EXW factory prices · Prices on request
